

Keeping Seniors Safely Housed

Through partnership and community investment, the Seniors Safe at Home program helps vulnerable San Diego seniors maintain housing stability and access critical support services.

“Your support has provided stability during a time of vulnerability, allowing seniors to focus on their health rather than the fear of losing their home.”

64

SENIORS SERVED

Low-income seniors received rental assistance and case management support.

1,044

CASE MANAGEMENT VISITS

Helping seniors stay connected to healthcare, benefits, transportation, and supportive services.

25

NEW PARTICIPANTS ADDED

Expanded reach made possible through additional community funding.

MORE THAN RENTAL ASSISTANCE

The case management team provides individualized support to help seniors maintain stability and independent living.

- Housing stability support
- Access to public benefits
- Transportation coordination
- Behavioral health support
- Trauma-informed care
- Community resource referrals.

WHAT PARTNERSHIPS MADE IT POSSIBLE

The Seniors Safe at Home program came to life through the cofunded partnership of Lucky Duck Foundation and Rancho Santa Fe Foundation, in collaboration with Serving Seniors. Together, we're helping vulnerable older adults remain safely housed and connected to the support they need to thrive.
